ORDER

The court has been notified by the parties that this case has settled (Doc. 431), filed February 9, 2024. These parties are therefore **directed** to file a stipulation or notice of dismissal, or an agreed motion to dismiss with the United States District Clerk's Office by **March 13, 2024**. The court truly appreciates the efforts of the parties in resolving this case. There appears to be no further reason at this time to maintain this case as an open file for statistical purposes, and the court **determines** that it should be, and is hereby, **administratively closed**. Accordingly, the United States District Clerk is **instructed** to submit JS-6 form to the Administrative Office, thereby removing this case from the statistical records. Nothing in this order shall be considered a dismissal or disposition of this case, and, should further proceedings in it become necessary or desirable, any party may file a motion to reopen the case to initiate such further proceedings, or the court may take such action *sua sponte*. The court **grants** the parties Agreed Motion to Seal Inadvertently Filed Document (Doc. 432), and **directs** the clerk of court to maintain (Doc. 430) **under seal**.

It is so ordered this 12th day of February, 2024.

United States District Judge
